## BACKGROUND

Blind Tic Tac Toe exercises one's sense of touch and visual memory because one plays blindfolded.

## MATERIALS

- 1 board with 9 square shaped slots and 5 pegs to hold the balls on each side of the board
- 5 smooth balls
- 5 rough balls
- 2 blindfolds

### Object of the game

To get 3 smooth balls or 3 rough balls in a row.

## PROGRESS OF THE GAMES

All 10 balls are kept on pegs and both players are wearing blindfolds. One player plays with smooth balls and the other player plays with rough balls. One player makes the first move placing his or her ball in any of the 9 empty slots.

The other player places his or her ball in another slot. The game continues until either one of the two players gets three of his or her balls in a row and wins or both players reach stalemate.
